CMM

- The Portuguese Steelwork Association was created in 1997 by the Installing Commission of the I National Conference on Steel and Composite Construction.

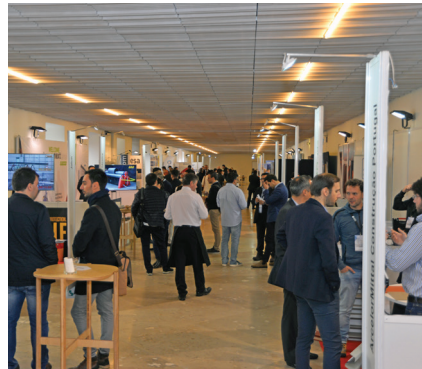

This non-profit association has as main objective the Promotion and Technical Dissemination in the area of Steel Construction.

CMM intends to bring together all those interested in Steel and Composite Construction:

Designers, Engineers and Architects, Steelwork Contractors, Contraction Contractors, Manufacturers, Consultants and Participants in Research and Teaching Activities in this area.

CONFERENCE ON STEEL AND COMPOSITE CONSTRUCTION

XIV CONFERENCE ON STEEL AND COMPOSITE CONSTRUCTION

unique.

The Conference on Steel and Composite Construction is the only national conference of the specialty.

Throughout this journey, we have had events of recognized success and great national and international involvement.

With the new event, the Conference on Steel and Composite Construction seeks to disseminate the technical recognition of Steel Construction.

OTHER SPONSORS

XIV CONFERENCE ON STEEL AND COMPOSITE CONSTRUCTION

others.

In addition to the previous modalities, it is always possible to analyze, on a case-by-case basis, other types of participation.

If you wish to advertise your company without resorting to a Stand at the Technical Exhibition, please contact us.

Sponsorships with Stand will be accepted in the technical exhibition until the space allocated for this purpose is sold out. For this reason, contact us as soon as possible.

CMM's company members have exclusive benefits. Contact CMM to get to know them in greater detail.

The Conferences on Steel and Composite Construction organized by CMM have been over time the best vehicle for promoting and disseminating the use of steel in Portugal.
